Commission Work Session | CANCELLATION NOTICE |

The regular Port of Olympia Commission Work Session scheduled for Monday, September 15, 2025, at 4:00 p.m., has been cancelled due to conflicting schedules and a joint decision by Port and Thurston Regional Planning Council (TRPC) staff to postpone their discussion with the Commission about the Peninsula Master Plan.

We will plan for TRPC to attend the October 20, 2025, Work Session instead.

The next regular Port of Olympia business meeting will be held on Monday, September 22, 2025, at 5:30 p.m.

Port of Olympia Mission

Creating economic opportunities and building community for all of Thurston County through responsible resource use.
